## Camp Fire Girls Hold Candy Sale Here Feb. 5-26

Excitement is mounting in the East Bay, as Camp Fire Girls, Junior Blue Bird sisters, and senior Horizon Club sisters, prepare to launch their annual Camp Fire Girls Candy Sale Friday, February 5. Approximately 100 girls from the Codornices neighborhood will go in pairs to each house in their neighborhood selling the traditional chocolate-covered Camp Fire mint.

Girls dressed in the colorful white and blue service uniforms of the Camp Fire Girls will sell the same creamy mint candy by Miss Saylor's Unusual Candies in Alameda, California, which has proved so popular over the past years.

Proceeds from the sale, which will extend through February 26, will be used to extend the Camp Fire program in our community and to expand this camp program.

The enthusiastic help of each parent is urged in supporting this worthwhile, character-building organization," according to Mrs. William Borden, president of the Codornices Council of Camp Fire Girls. "When you treat your sweet-tooth to a delicious Camp Fire mint, you treat your neighbor Camp Fire Girl to greater companionship, fun and learning... encourage them which will make them stronger citizens of tomorrow," Mrs. Borden concluded.

Candy sale chairman for the district is Mrs. Herbert Hester. Assisting on the committee are Mrs. John Freese, district chairman for District I; Mrs. Charles Carver, distributor chairman for Districts IV and V; and Mrs. David Kinkade, special sales chairman.

## Chamber Chatter

By IRENE GROVE

A most important notice has been mailed to all property owners of Albany. It is the notice of the public hearing for the proposed new zoning ordinance for our city. So mark your calendars for Tuesday, February 16, at 8 p.m. for this special meeting... the place is the Council Chamber of the City Hall.

The proposed new ordinance is the result of five years of planning and work by the Albany Planning and Zoning Commission to bring about some solution to the almost constant spot rezoning requests and conflicts that have plagued our city administration. The present ordinance dates back to 1933 and has so many amendments that it is no longer effective.

Whether you, as a property owner in Albany, are for or against the proposed new zoning rulings, it is your right and duty to be present at this hearing to get a complete explanation and understanding of the plan and to express your views. Your Chamber of Commerce is particularly interested in the ordinance as it pertains to the business and industrial interests, but it is of vital concern to all citizens of Albany.

To quote from Oliver Wendell Holmes — "The human race is divided into just two classes. Those who go ahead and do something and those who sit back and inquire why it wasn't done another way."

Too many of us wait until an issue is presented that directly concerns us and a decision is made that we do not like before we express our views and our disagreements. So let's not be one of those who sit back and then scream... but one of those who moves ahead and does something about it.

Investors in the Albany Chamber of Commerce no longer receive "membership cards" but a very special card designating them as an official "Official Ambassador" of Albany. That is as it should be for when you invest in your Chamber of Commerce, you invest in the business future of your city and when you participate in its activities, you are truly a representative of the entire community.

Membership plaques for 1960, soon to be delivered, are maroon with gold lettering. When you enter an Albany firm, look for this significant sign... it represents a progressive forward looking business... it is a merit badge of community cooperation... a symbol of personal achievement.

## Dimes March Basketball Won By Marin

A record crowd turned out for the City Championship basketball program at the Albany High School gymnasium last Saturday night. Marin won over Cornell in the title game, 13 to 10, while the 49er team had it all over the East Bay Disc Jockeys by a score of 27 to 9 when the Jockeys threw in the sponge at half-time.

The event, sponsored by American Legion Post No. 292 on behalf of the March of Dimes Drive, was attended by a full house. "There is no doubt," said Milton Porter, head of the Albany Area, "that the proceeds will put the drive far over the top, and thanks are due to the Legion Post which has sponsored these contests over the years and helped make this benefit event the greatest in history."

An exciting game on the program was that between the girls of Albany High School, the Cougars, and the El Cerrito High School team listed as the "Marquette Kl." Final score was 14 to 13 in favor of the El Cerrito High team.

## Mayer Blank Issues Statement On Policies and Actions of City Council

Editor, Albany Times  
Albany, Calif.

Dear Sir:

Councilman Zahn's letter in the Jan. 20 issue of your paper, was extremely critical of the stand taken by the majority of the City Council in granting a Use Permit to the Berkeley-Lee Company for a parking lot on their Adams St. lot. As Mayor of Albany, I welcome constructive criticism, and believe that only through hearing all sides of every question, can a proper decision be found to any civic question. However, Councilman Zahn's vague charges are irresponsible, misleading, and offer no constructive solution to a problem which the Council had to meet fairly and judiciously.

The City Council held 3 public hearings on this matter, spent several hours in listening to both proponents and opponents of the issue, and made a decision which it felt was right, and which City Attorney Bob Foey ruled was proper and legal. The charge that the Council acted capriciously and illegally could only be made by either an uninformed person or one attempting to distort the facts.

The present City Council has attempted to govern this city with intelligence, fairness and with economy. The fact is that the tax rate was lowered by 2 cents per \$100 last August at a time when most other cities were raising their taxes. This city depends greatly on the sales tax to augment its property tax income. For instance, last year the sales tax brought in \$194,739.26, almost as much as the real estate property tax of \$239,691.48. Thus, if we are to remain a fine city of homes, we must encourage business, which through the sales tax helps pay for the support of the city.

In the Berkeley-Lee case, a long-established major business of this city had to expand or face the possibility of moving out of Albany, with resultant tax loss to the city of approximately \$8,000 per year. After a thorough analysis of the facts, public hearings, and the application of rigid specifications for the parking lot to protect the surrounding residential properties on Adams St.,

the Council issued the permit with the feeling that that was the best solution for the welfare of all of the 17,000 residents of Albany.

Councilman Zahn's blithe disregard of possible tax losses, with resultant increase in the property tax of home owners, can only be reconciled with the fact that she has refused to attend 4 out of the last 5 official City Council meetings when the City Budget for the ensuing year was presented, discussed, and the tax rate adopted. Her absences at budget adoptions were on August 1, 1955; August 6, 1956, August 5, 1957, and August 3, 1959, the last absence being the meeting when the tax rate was lowered by 2 cents per \$100. Albany taxpayers must choose one of two routes. They may follow Councilman Zahn and the Referendum Petition Circulators, in destroying business, with resultant higher taxes, or they may follow the other 4 elected members of the City Council, who have for 10 years given them economical government with one of the lowest tax rates in the County.

Sincerely,  
(Signed)  
JEROME BLANK,  
Mayor

## Albany PTA's Hold Joint Fete On Founders' Day

"Albany is the only city in the East Bay in which the PTA's of the various schools cooperate in their celebration of Founders' Day," says Mrs. Mary Beckheusen, Founders' Day chairman of Vista PTA in Albany.

"The different units have found that working together on a common project encourages the exchange of ideas and opinions and fosters increased cooperation between the groups throughout the year."

Founders' Day the celebration of PTA's birthdate, will take place on February 4, 1:30 p.m., Cornell School, Albany.

Traditionally, the recipients of the highest honor PTA confers — life membership — and the program are closely guarded secrets. Mrs. Max Klemm of Cornell School, chairman for decorations and set-up, states that she is using an Olympic theme. Many of the decorations have been donated by the Olympic Headquarters in San Francisco.

Mrs. Kenneth Forry of Marin School, chairman for corsages and invitations, reports that all past presidents of Albany PTA units have been invited. In case of oversight, any past president who has not received an invitation is requested to call Mrs. Forry at LA 6-6865.

## Carl Fosselius Given Rare Award

For the third time in twenty-five years, the Pro Deo et Patria (Lutheran God and Country) medal was awarded a boy scout member of Grace Lutheran Church, El Cerrito. The same Pastor, Rev. O. R. Janke pinned the rare award on Explorer Scout Carl Ernst Fosselius in rites during the 11 a.m. church service on Sunday, January 31.

Carl, the 14 year old son of Mr. and Mrs. Carl Einar Fosselius, 711 San Carlos Avenue, Albany, is affiliated with Troop 42, sponsored by the Marin School Dad's Club, Eugene C. Helwig, the troop's scoutmaster, assisted in the ceremony by presenting the citation which accompanies the medal.

## COUNCIL IN NEW PLANS FOR BUILDINGS

Mayor Jerome Blank presented to the Albany City Council at Monday night's regular session a complete analysis of a proposed leasehold plan for financing one or more of the city's buildings.

After considerable discussion Councilman Lewis M. Howell moved, seconded by Councilman Leonard L. Keck, that the city attorney be instructed to prepare the necessary papers for the adoption of such a plan. The motion was adopted 4 to 1, with Mrs. Zahn dissenting, and threatening to back a referendum if the move went through.

The Mayor stated he had been studying the problem since the defeat of the bond measure last fall by a small margin just under the necessary two-thirds majority. He said his studies had resulted in his being convinced of the soundness of a tentative plan proposed by the J. B. Hanauer and Company in November, and that the City Attorney had gone over it carefully and ruled that it was legal and comprehensive in all respects.

Mayor Blank stated that the most imperative need was for a new police station, because of the pressure being brought on the city to correct the many violations of state law, and because the cost of bringing the building up to code standards would cost many thousands of dollars. Further he said the building is badly crowded and there is no room for storage of valuable crime records, statistics, etc. "The fire engine house, he said, is almost as badly off, but that could be postponed for a time at least."

In quoting figures Mr. Blank stated that on the leasehold plan the police building could be financed in full without any increase in the present tax rate. Later, when thought advisable, he said a fire house could be erected by the addition of six cents or \$1.80 added to the property owner's tax bill per year.

In explaining how the plan would be financed Mr. Blank said that the Capital Outlay fund has been receiving ten thousand dollars a year or more for many years, and that the cost of the building over a thirty year period would be only about \$12,000 a year. The additional \$2000 could very easily be added each year to the usual ten thousand. He said the Capital Outlay fund now has between twenty and thirty thousand dollars to its account.

The following letter regarding the Berkeley Lee rezoning and the referendum petition now said to be in circulation against approval by the council of that rezoning, was read before the council:

January 31, 1960.  
Mayor Jerome Blank and Members of the Albany City Council:  
Dear Sirs:

## Relief Sought In Congress for Bay Pollution

WASHINGTON, D.C. — Eight Area Congressmen today urged California Senators Thomas Kuchel and Clair Engle in a statement calling for an end to pollution of San Francisco Bay by the discharge of raw sewage from Treasure Island Naval Station.

Specifically, they announced their intention to seek appropriation of \$701,000 in the Federal Budget for 1961 for construction of a long overdue sewage treatment plant at Treasure Island.

Joining in the statement were Congressmen George P. Miller, John Shelley, Charles Gubser, William Mallard, J. Arthur Younger, John Baldwin, Jeffrey Cohelan and Clem Miller, in addition to Senators Kuchel and Engle.

The Treasure Island sewage plant has already been authorized by Congress in an amendment to the 1960 Military Construction Act which was authorized by Congressman Cohelan.

"Treasure Island-Yerba Buena Islands are one of the few remaining sources of San Francisco Bay pollution. This continuing contamination is in violation of restrictions set up by the Regional Water Pollution Control Board as long ago as 1954," the joint statement said.

Since 1948, America's Heart Associations have channeled more than 40,000,000 Heart Fund dollars into research to find ways of treating and preventing all forms of heart and blood vessel disease, according to the Alameda County Heart Association.

## Albany Council

(Continued from Page 1)

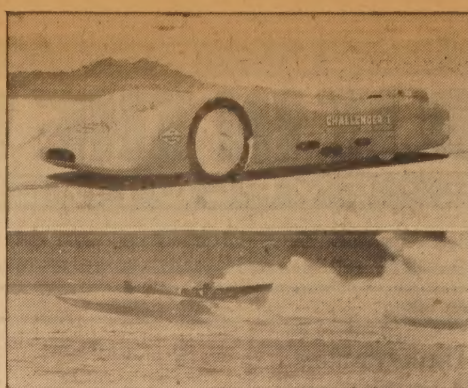

approximately 3 p.m. a man rang our doorbell and announced himself as a petitioner and asked my wife if she would sign a petition. My wife inquired what petition and what is it for? This gentleman told her the following statements:

Berkey Lee had wanted to expand his property and the City Council had given him permission to expand, but the owners of the residential homes in that block had stopped Berkey Lee from enlarging his business premises and so, as a result, this petition was being circulated so that the citizens of Albany could vote on this matter and so Berkey Lee would not be stopped by the people in this particular area. This is a definite misquote and misrepresentation of the facts, and to the average layman, such as my wife, this constitutes a fraud, since she did not know that the permission granted by the City Council gave Berkey Lee the right to expand his property no matter how many people in the immediate area objected.

I want this read into the records of the City Council; I want to protest as a private citizen and taxpayer against this misrepresentation by the opponents of Berkey Lee and I also want my wife's name, i.e., Millicent M. Sadler, 952 Cornell Avenue, Albany, California, to be stricken from the rolls of the petition that was misrepresented to her, and that she signed. I also ask the City Council that police action be taken against these petitioners if this misrepresentation is continued. Thanking you in advance, I remain, Sincerely, (Signed) James C. Sadler, Jr., 952 Cornell Avenue, Albany 6, California.

Mrs. Henkle, chairman since 1953, will serve as Mrs. Hyman's vice-chairman. Working three days a week in the only volunteer Braille book bindery west of the Mississippi, the Braille group produces the equivalent of one book a day.

During this time, Drozda estimates he has dispensed over 4 million gallons of motor fuel in Albany. He operates the station at San Pablo and Washington Street.

The dinner event, hosted by Richfield for its dealers and their wives, was held at the Lake Merritt Hotel in Oakland and was attended by couples from the East Bay area.
